## **Health and Social Care : Component 2**

Dear Year 10's

We are working on Health and Social Care services. Using the textbook pages 74, 75 read and research to find the answers.

Services for adults or children with specific needs. Some people have specific needs eg autism, visually impaired. Have you thought about who will support these individuals? Where do they go to get help with their specific need.

	1.	Identify 3 specific needs that can affect children and adults
	2.	Give a brief explanation about learning disabilities and one example.
	3.	Give a brief explanation about sensory disabilities and one example.
••••	4.	Give a brief explanation about long term issues and one example.

Extension = In Peterborough, there are many places/organisations that provide the different types of care for individuals with specific needs.

Imagine that you are looking for care for your elderly mother. Research, using the internet, places that could help with providing residential care, respite care and domiciliary care for your mum.

Write down the details of these places.
