The Big Switch Off  
Wednesday 5<sup>th</sup> September

# The Big Switch Off

- As you know, the use of mobile devices and personal headphones are no longer permitted at TDA.
- The purpose of this is to:
  - help you concentrate better in lessons
  - enable you to communicate better with one another around the academy
  - help you use mobile technology in a safe, healthy and considered way
- We recommend that you do not bring devices into school with you. If you need to, then they need to be switched off and in your bag **before** you enter the building.
- Phones/tablets/headphones should not be seen during the school day under any circumstances.

# How will we support you?

In order to be fair in supporting you with this change, the following will happen if you are found with a phone by **any** member of staff:

This week

- Prompted to put in bag and switch off. If you do this, then no further action.

Next week

- **Phone will be confiscated** and held in central admin. A text message will be sent to parent/guardian. **Student can pick it up at 3pm**

After next week

- **Phone will be confiscated** and held in central admin. A text message will be sent to parent guardian. **Parent** can pick up phone **before 4:15pm** otherwise phone returned to **student the next day at 3pm**. If it is a Friday, then phone can be picked up by student at 4:15pm.

All staff have been directed to confiscate mobile phones if they are seen or heard without any exceptions.

# Attendance

**Miss Giaquinto**  
**Vice Principal Wellbeing**

Do you know what your child's attendance % is?

100%....80%?

Do you know what it means?

?

# National Attendance 95%

This is Simon, he is in Year 7 and has 90% attendance.

Is this good? What does it mean?

**1 school year** at **90%** attendance  
= **4** whole weeks of lessons **MISSED!**

# Let's look a little closer

- **90%** attendance over **5** years of secondary school...  
= **½** a school **year missed!**
- **80%** attendance over **5** years of secondary school...  
= **1 school year missed!**

# What does this mean for Simon's GCSE's?

Research suggests that:

**17 missed school days** a year  
= **1** GCSE grade **DROP** in achievement. (DfES)

The greater the attendance the greater the achievement.

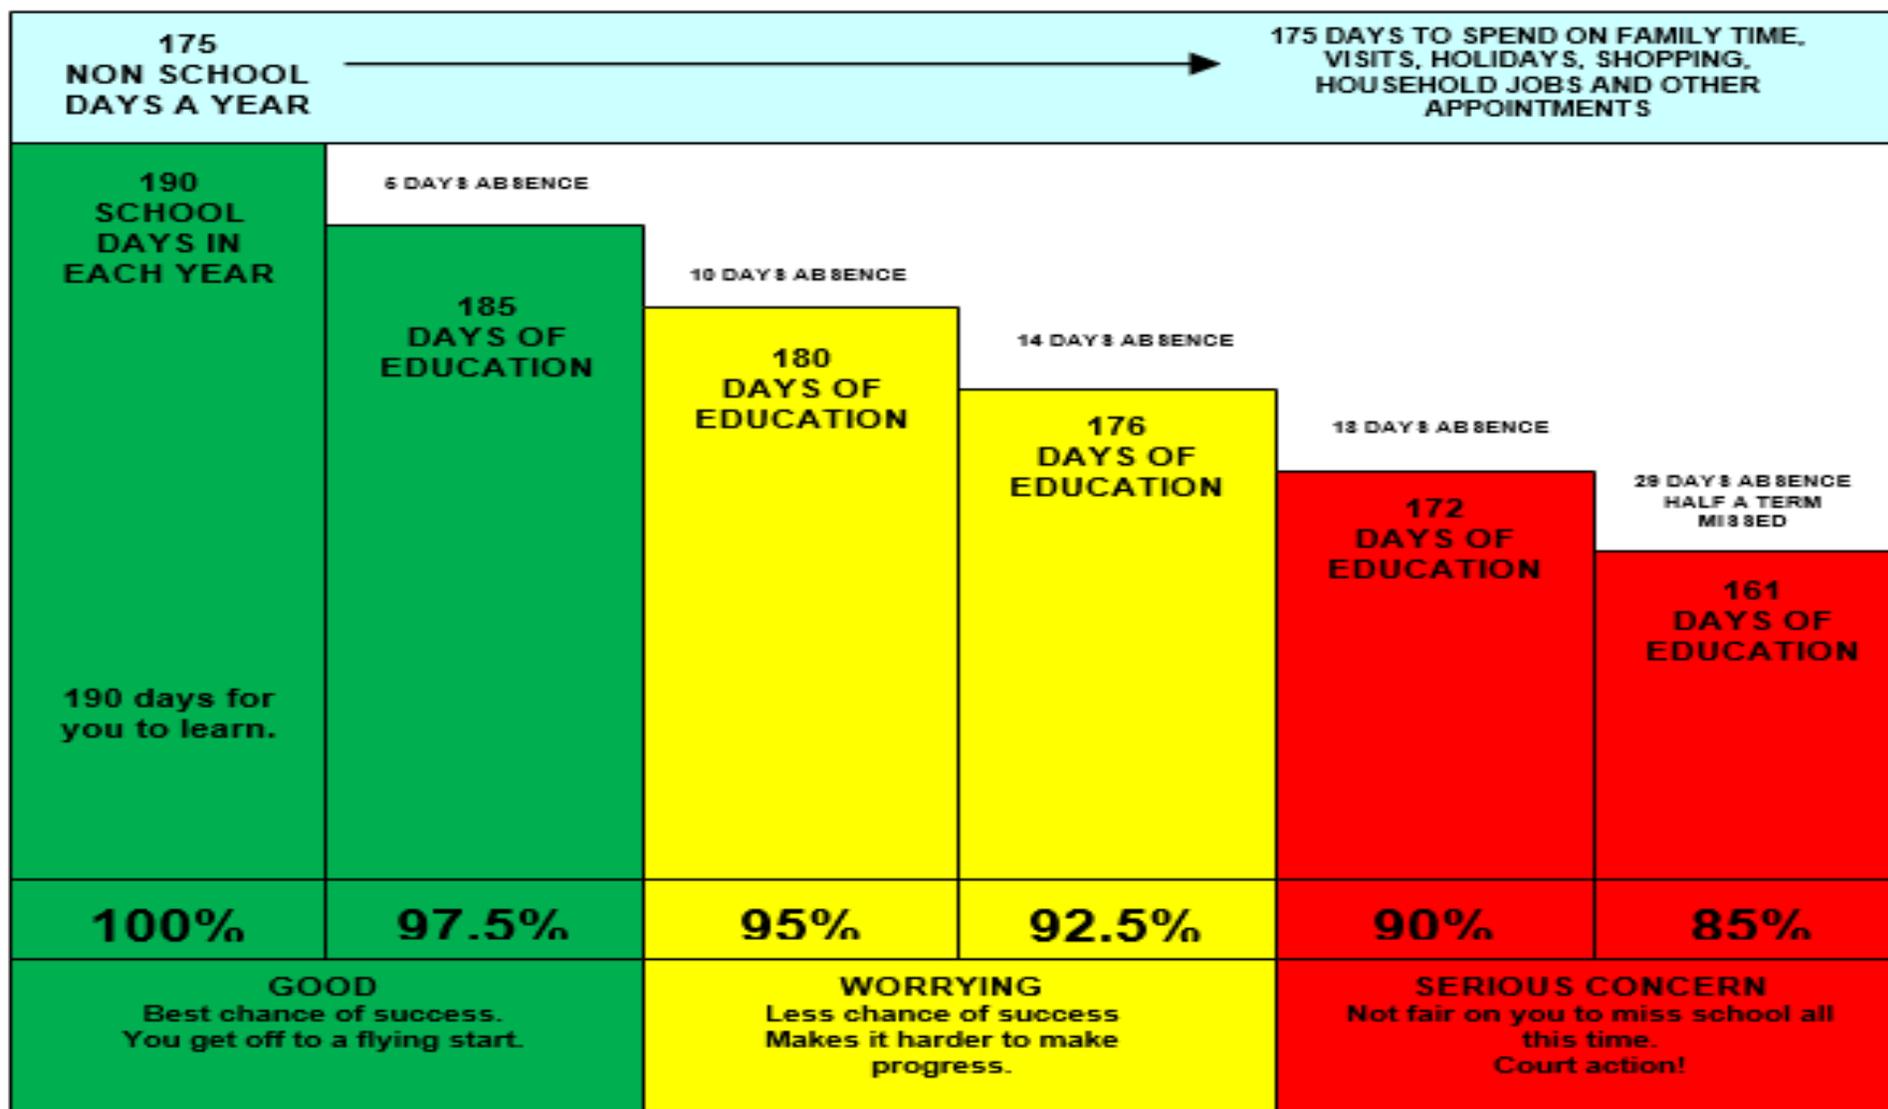

# Absence protocols

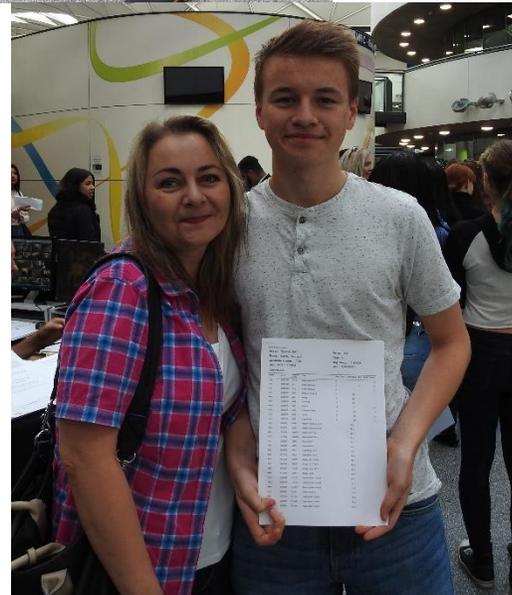

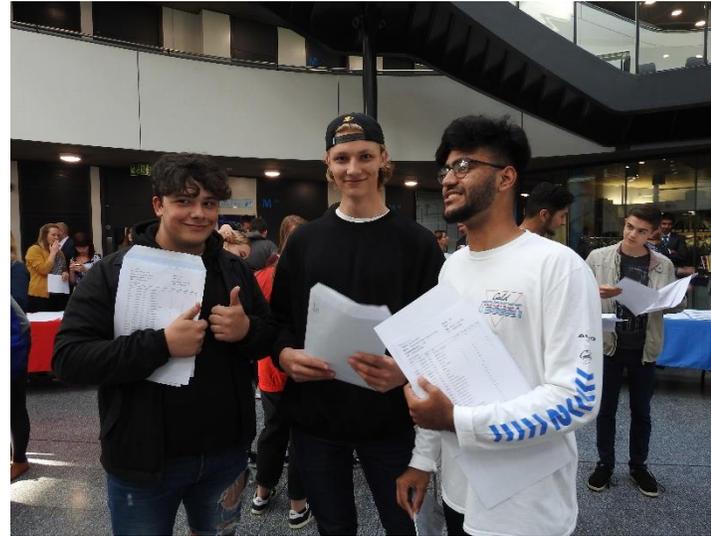

- Always call in on the first day of absence before **9.00am**
- If they have been signed off by a Doctor there is no need to ring in every day
- However if not and you have not stated or it is not clear how long they will be off then you must ring in **before 9.00am.**

365 DAYS  
IN EACH  
YEAR

9 is the top grade

# Achievement – being successful

- All students will have a TARGET level for Year 7.
- This is based on their KS2 SATs results AND what progress we would expect them to make in their GCSEs.
- GCSEs are now graded from 1-9 (numbers not letters) and 9 is the TOP grade.
- From these two pieces of information, each year they will have a target – meet every year's target and you will reach your GCSE potential.
- The Year 7 targets will be at the lower levels so 1-3.
- All students in Year 7 need to know their target and do their very best to achieve that in all of their work.

# Achievement

- In all subjects students will have regular tests and regular homework.
- There will be at least two major assessment points during Year 7.
- They will have Checkpoint reports twice this year.
- These will help you to see how your child is performing relative to their target grade.
- The progress will be monitored and children supported to meet their target grade.

# Assessments this year – Year 7

Year 7 and Year 8 will have formal tests in all their in December and June.

They will have assessments in all of their subjects.

Most assessments will take place in lesson time but one Maths and one English exam will be in the sports hall.

# How can I help my child? HOMEWORK

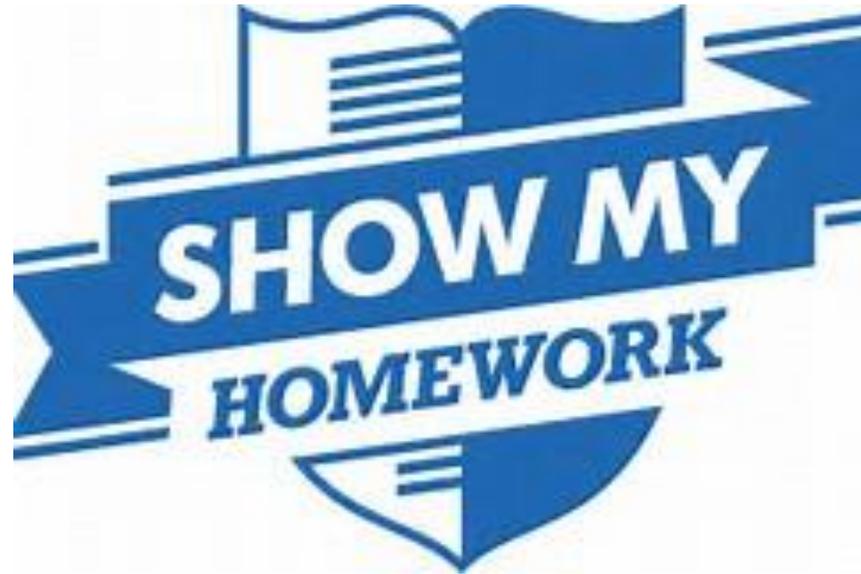

In Year 7 students will receive approximately 30 minutes per week homework in Maths, English and Science and 30 minutes per fortnight from all other subjects.

This can all be checked on Show My Homework.

Is it possible to provide them with a quiet area to work – no TV?

Encourage students to put away all electronic devices. (Some homework might need IT but some, especially revision will need to be done on paper.)

# Assessment and Feedback

## Assessment in lessons

Your child's teachers will use a range of methods to assess in lessons. This is so that they can adapt their teaching and be able to provide feedback if required. Here are some of the ways in which teachers may assess a child's work:

- Reading the work in exercise books
- Exit tickets – questions to answer at end of a lesson
- Using mini-whiteboards
- Using cold-call questioning (no hand up)
- Using low-stakes quizzes
- Using two-minute essays

# Assessment and Feedback

## Feedback

Based on the teachers' assessments, they may provide students with feedback to help them improve their work. This feedback may happen in a variety of ways such as:

- Verbal - either in a small group or one-one
- Whole-class – feedback to inform everyone at the same time
- Written – could involve feedback codes or other and be written in your books

The target for the teacher is to always find the most efficient and effective method of communicating feedback so that students are able to improve their understanding and/or their work.

# Assessment and Feedback

## Feedback Improvement Time (FIT)

After a teacher has provided feedback, any improvements students make should be completed using **purple pen**. This is so we can track the improvements in books.

Teachers may set a FIT task which will give students the opportunity to demonstrate any improvement in understanding. This should also be completed in a **purple pen**.

All students have received a **purple pen** and it is their responsibility to look after it; if lost a replacement should be bought from the school shop.
