

Thank you very much to everyone who completed the parent questionnaire this year (November 2018) we received 73 responses. We work hard to ensure that we provide the best provision for all of our children and families and it is only possible with your support. Your suggestions and comments are greatly valued and they inform future improvements to our school. We continuously strive to better and improve the education of our pupils; your input in that for us is vital and so thank you for completing the questionnaire.

As you will see in the feedback, there are some clear strengths, which have been shared with staff and governors, and some responses we clearly need to investigate further and act upon, you will hopefully see the evidence of this as the academic year progresses.

Any further comments, you wish you had written, please do not hesitate to catch me in the school playground or make an appointment to see me. My door is always open and I welcome all opinions from parents (positive or improvements needed). I shall always listen and your views will be respected, it is essential we work together to ensure TDAJ is the best it can be for everyone.
